

Please note that Sinclair Broadcasting, using the public airways, plans to force their stations to air an anti-Kerry documentary in the next few days.

They certainly have the right to air nearly any programming they wish; however, it has always been my understanding that, since they are obligated by law to serve the public interest, they would be required to air the opposing view, as well.

Unfortunately, this company is using their power to force their views on the public.

Please consider this unprecedented, biased, inappropriate action when considering Sinclair's next license renewal.

Thank you.
